

## GARRISON OF TROOPS, LOYAL TO THE DEAD KING, MARCHING ON BELGRADE.

### BLOODY WAR MAY BE PRECIPITATED

#### By Murder of King.

New Dynasty Is Not Acceptable to All Citizens of Servia.

#### Downfall of the Conspirators

May Be Accomplished Before Peace Shall Again Reign in the Nation of Yesterday's Royal Carnage—Bodies of the Murdered Ones Buried Together.

Berlin, June 12.—A despatch to the Lokal Anzeiger from Budapest says the Garrison of Nish, where the late King Alexander was most popular, according to a railroad official who has arrived at Budapest from Belgrade, is marching on the Servian capital with full war equipment and artillery.

#### The Situation in Belgrade.

Vienna, June 12.—The telegrams from Belgrade differ as to the attitude of the Servian people. Some of them say that only the military element desires Prince Kara-Georgevitch to be King; others say the Servians want Prince Mirko, of Montenegro, to rule over them; while many of the more intelligent section of the population are in favor of the establishment of a republic.

June 12. The foreign press has received a despatch today from Belgrade on the Servian situation. The press, according to the despatch, has abolished the legal assembly created by the late King Alexander and had renewed the Serbian constitution which has been suspended since Monday for the purpose of ratification of the proclamation of Prince Peter Karageorgevitch as King. The assembly just dissolved was made up of appointees of the late King and did not contain a single member who was opposed to Alexander's successor. The despatch adds that Belgrade continues quiet, the people being reconciled to the new conditions.

Officials here doubt the truth of reports that Belgrade is quiet, as the authorities here are unable to secure further direct despatches from Belgrade. Even the official despatches which have reached Paris, appear to have been mutilated.

**Position of the Powers.**  
It is stated authoritatively, that thus far there has been no exchange of communications between the powers concerning Prince Peter Karageorgevitch's assumption of the throne of Servia but the officials are beginning seriously consider the delicate question of the recognition of the new sovereignty. It is expected that the Servian authorities will convene a meeting of the foreign ministers at Belgrade and present the latter with definite evidence that the people accept the new government, and that it has the ability to maintain order and guarantee the

**Safety of Foreigners.**  
When the ministers advise their respective governments that such assurances have been received, the various powers will determine whether recognition will be accorded. It is considered probable that the powers will act together on the question of giving or withholding recognition. It is further stated that if the powers

mark of ignominy, the bodies of their murdered relatives and those of their ministers killed were placed above them and then the common grave was refilled with earth.

#### Queen's Sisters Not Killed.

Belgrade, June 12.—The funeral occurred at 12 30 a. m. The strictest privacy was maintained in order to avoid hostile demonstrations. Two coffins were brought in by Servians and were carried up to the room where the bodies of the late King and Queen were lying. The corpses were then put in the coffins and the latter were placed in a hearse, which was hurriedly driven to the old cemetery where the other members of the Obrenovitch family are interred. In addition to the attendants only two priests were at the funeral. The metropolitan of Bulgaria was absent. The whole ceremony lasted only a few minutes. The body of the late premier Markovitch, will be buried with military honors.

Conole Nomic, who was killed while forcing an entrance into the palace with dynamite is described in the official notice of his death as "lying on the field of honor for his fatherland." It is now confirmed that only Queen Draga's two brothers were killed. Her sisters were taken to Panosava by some of the conspirators.

#### GOVERNMENTS

Of the Two Most Interested Countries Will Not Interfere.

London, June 12.—The Servian minister here has confirmed a statement that neither Russia nor Austria will interfere in the Servian choice of a sovereign. He anticipates that Prince Kara-Georgevitch will await at Geneva a summons from the Skupstina, a deputation from which will probably go to Geneva and escort the new King to Belgrade.

#### GARRISON

Of Nish Servia, Refuses Obedience to New Government.

Vienna, June 12.—The Austrian river monitors Szamos, Leitha, Mures and Keres are said to have anchored before Belgrade yesterday evening. It is reported that the garrison of Nish Servia has refused obedience to the new government.

#### HORROR

And Indignation Expressed by St Petersburg Newspapers.

St Petersburg, June 12.—The tragedy at Belgrade yesterday caused an immense impression here. The news papers express indignation and horror at the outrages, parallels for which they add are only findable in ancient times. At the same time the papers here consider that the interference of the powers in Servia's internal affairs at present is not permissible, although developments might compel Russia and Austria to take action.

#### SENSATIONAL

And Revolting Stories Of Queen Draga's Fate Circulated

Vienna, June 12.—The new Servian premier, M. Avakumovich, is quoted in a despatch from Belgrade, as saying "I returned here yesterday from Alexandz where I was on professional legal business. I was at once summoned to the ministry where the other ministers had assembled. They informed me that the deed was committed at their request. I accepted the premiership. The cabinet meets today and will consider what steps shall next be taken. At present, we are not in communication with Kara-Georgevitch, even if the army has proclaimed him King. His election as there is no other course open. It will remain for the Skupstina to elect him or not."

"The government will not propose him but will leave this task to the

representatives of the people. We shall then resign. We do not fear any external interference as there was none in the case of Bulgaria.

"Please state that peace prevails throughout the country and that it will continue. Whatever has happened now belongs to history. We should not judge the dead nor dwell on the past but look to the future."

Sensational stories, many of which are undoubtedly being sent for the purpose of political influence, are published here, the most revolting of them being that the soldiers outraged Queen Draga, and mutilated the body of King Alexander, and that those who were admitted to the palace yesterday, to view the remains, spat and stamped on them.

#### THE MURDER

Of Queen Draga Made the Death of The King Necessary.

Berlin, June 12.—A dispatch to the Cologne Gazette from Belgrade today says the massacre lasted three quarters of an hour. The assailants declared the killing of King Alexander was unavoidable because if the Queen alone had been murdered or removed the court clique would have incited the King to persecution and reprisals. A window of the Russian legation at Belgrade was shattered by a bullet during the fusillade at the palace.

#### EX-KING MILAN

Has a Son Who is Also a Pretender to Servian Throne.

Petersburg, June 12.—The late King Milan's second son, by Madame Christies whom he legitimized and who, it has been reported, will dispute Prince Kara-Georgevitch's right to the Servian throne lives at Constantinople with his widowed mother. Mme. Christies' father was formerly architect to the Sultan, a post he held by her brother King Milan openly acknowledges the parentage of the boy.

who is now fifteen years of age and who is described as being strikingly handsome.

#### IN EXILE.

Prince Peter Became a Spendthrift and Notoriously Poor.

Geneva, June 12.—The new King of Servia, Peter, received his early education in Belgrade, during the reign of his father, being 12 years old when the family was expelled from Servian soil. Later he went to school in Pesth and besides repeated visits to Russia, spent several years at the small court of Prince Nicholas, of Montenegro, at Cetinje. While there he became the suitor of the latter's daughter, princess Zorka, and married her in 1883. She died seven years later. The issue of this marriage are three children, a daughter of 19 and two sons, aged respectively 15 and 13. Since 1891, Prince Peter has been residing in Geneva. Because of his dissipated and spendthrift habits, Prince Peter quarreled with his father-in-law of Montenegro, and also lost the good graces of Alexander III, of Russia, from whom he received large gifts of money on several occasions. Since the accession of the present Czar, however, there has been a sort of reconciliation with St. Petersburg and the finances of Prince Peter were put and kept on a sound basis, but he has been notoriously poor.

## COUNTY OFFICERS

Implicated in the Plot to Kill Marcum Disclosed by Several Witnesses.

Important Witnesses for Defense Cannot Be Found—Adjournment Asked for That Reason, But Court Refused the Prayer.

Jackson Ky June 12.—Provost Marshal Longmeyer reported today that no arrests were made during the night. Lieutenant Kinard, who was sent after the missing witness Henry Freeman, has returned without his man and deputy sheriff Whitaker was sent after him today. Upon the opening of court, attorney Neal for the defense filed a motion asking that the Jett and White murder case be continued on the ground that the defense needed absent witnesses, Moses Feltner, John Smith and John Abner, are said to have been in the plot to assassinate Marcum. Abner afterward made affidavit that he kept Marcum informed. He gave Marcum an affidavit, which was filed in court, stating that the plots were formed in the office of County Judge Hargis and that the Judge and Sheriff Ed Callahan, were furnishing the money. Mrs. Johnson testified also to this information being furnished her brother by Feltner. Now the defense claims that these men are badly needed. Feltner has forfeited a bond of \$3,000, after being granted a new trial for the murder of Jesse Fields in the French Eversole feud. Marcum was his lawyer and secured a reversal in his case. Because he was a friend of Marcum it alleged he was picked out to assassinate him, as he would not be suspected a pardon for the Fields murder being the reward promised.

## HE DEFENDS RUSSIA'S ACTS.

Cassini Aroused by Censure Passed on His Country in America.

"We Have Hearts Like Other People, and Our Action Has Been All Severest Critics Could Ask for."

Washington June 12.—"It is absurd to put me down as an enemy to the Jews," said Count Cassini, the Russian ambassador, in a conversation with a visitor, at the embassy. "I have many warm friends among the Jews both here and in Europe. There are a great many commendable people among the Jews in Russia. In Hamburg, Germany, where I was stationed ten years, I became acquainted with a number of prominent Jewish citizens, and found them to be exemplary people. In Paris, my family physician was a Jew, the eminent Dr. Springer.

"To further illustrate that I have no antipathy toward the race, I am on good terms with Mr. and Mrs. Louis Stern, of New York, and my daughter has been at their home. The public meetings that have been held, the resolutions that have been adopted, will be ineffective in my country. Russia

with her 137,000,000 inhabitants will not be influenced in her internal policy by outside pressure. She will take care of her people. Five millions of Jews resident there are but a small minority and they can and will be protected.

"As an evidence there are now more than 500 of the Kisheneff rioters in prison, and the guilty ones will be severely punished. We do not desire the Jews to leave Russia. We regret to lose them. Those who remain in Russia will be cared for. The attitude of my government since the Kisheneff affair attests to this. We have hearts as well as other people. We do not want to see pillage and carnage any more than you do. I insist that the action of the Russian government from the moment it became acquainted with the facts of the unfortunate occurrences at Kisheneff, has been all that its severest critics could ask for."

Manager of Porto Rico Railroad Will Meet President to Complete Plans.

#### COMMITTED SUICIDE.

#### STRIKERS MAKE GAINS.

Philadelphia, June 12.—Important gains were made today by the striking textile workers, when two big firms in the Kensington district granted the demands. One of these is an extensive upholstery manufacturing establishment.

## BOLD ROBBERY ON THE ERIE.

Robbers Enter an Express Car on Train 8 at Englewood.

Two Men Were Captured When the Train Reached Huntington and One of Them Gives His Name as Frank Marion, of This City.

Huntington Ind June 12.—Cyrus Hunt, 25 of Piqua and Frank Marion, 24 of Lima Ohio are under arrest here for the robbery of a Chicago and Erie express car between here and Chicago. Last night goods were reported found along the railroad tracks in the vicinity of Crown Point. Train crews following were ordered to pick up the same and keep watch for other goods. A close watch was kept on express train No. 8 which arrived in this city early this morning. An officer grabbed Gillen who was standing in the car. After a long run, pursued by the officer, he escaped in the meantime Marion was discovered in the car by express messenger and held until the arrival of an officer. Later Gillen was arrested in the railroad yards after eight shots had been fired by the officers. On the two prisoners was found a large amount of goods of all kinds. Reports from along the Erie road say that express packages of all descriptions were found strewn along the track. The car robbed was bound through from Chicago to New York. Gillen says there were four others in the gang who got off the car as the train entered the local yards, but this is not believed.

#### ANOTHER REPORT

Says There Were Three Men in the Car and That One Escaped.

Rochester Ind June 12.—Last night at midnight an express car attached to the east bound train on the Erie railroad, was entered by robbers just outside of Englewood who completely looted it. The robbers threw un-describable express packages along the road, all the way from Hammond to Rochester. The crew of a freight following the express, discovered the packages beside the track and notified the officers at Huntington where the express car door was forced open. As this was done one of the robbers dashed out, firing two shots from his revolver, and made his escape. The police then made their way into the car and found two other robbers hidden behind some packages. They were placed under arrest. In every available pocket in their clothes, they had valuable goods stored away. Every package in the car with one exception had been pried open. This package contained about \$7,000 worth of valuables. The freight train crew picked up \$4,000 worth of goods.

No such person as Frank Marion is known in this city and the police are of the opinion that the prisoner has given the Huntington officers a fictitious name. Chief Mills will request the Huntington authorities to send him photographs of the two prisoners.

# TRAGIC DEATH POINTS MORAL.

## Gallant Man Courts and Meets Death by Giving His Seat to Lady.

New York, June 12.—By giving his seat to a woman in a street car, in the Sixth avenue, Adrian Ferre met with an accident which caused his death. He got up to allow the woman his seat, and stepped on the rail and a car passed in the opposite direction, arrested the motorman.

# MANY PERSONS SLIGHTLY HURT

## By the Discharge of a Blast in Subway---The Shock So Startled a Barber He Cut a Gash Three Inches Long.

New York, June 12.—Many persons have been slightly hurt by the discharge of a blast in the subway at Broadway and Third street. Windows were broken on both sides of the street, heavy rocks were thrown to the roofs of nearby buildings and a

shower of splinters and stones hurt many persons, but none seriously. The shock so startled a barber in a nearby shop that he drew his razor's edge across the customer's cheek and laid it open for three inches. No explanation for the heavy charge of dynamite has been learned by the police.

### THE PULLMAN CAR DISEASE.

There is an ignorant public that knows no better, there is a common place public that does not care, and there is an avaricious public that pays its fare and asks no questions—all to get a moving public that has substituted too long to the bad taste shown in the hangings and furnishings of Pullman cars. Those blue tassels that catch the dirt and convey disease, those indestructible hangings that give one a feeling of suffocation—all these are for the sake of the beautiful polished wood left plain, would give a sense of both cleanliness and of dignity.

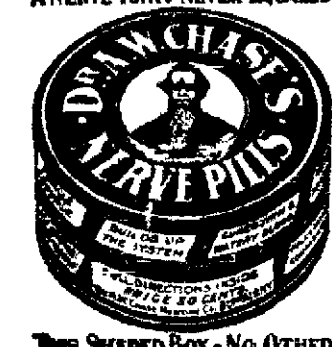

Everybody goes into parlor cars or sleeping cars at the same time, and a railroad ride comes as near to being a time of meditation as many men and women get. They become accustomed to these absurd trappings. Many hotels take the cue and, while you are away from home, you live with the same parlor car scheme of things. You are a slave, and on the furnishing counters of the department store, the same kinds of hangings and decorations. They look familiar to the

thoughtless house-furnisher, and they thus find their way into homes, especially into apartments. The parlor car apartment is a well-recognized esthetic disease in most of our cities. There is a heavy educational responsibility—a heavy public responsibility—resting on a great company like the Pullman company. It could save much money and make its cars more beautiful by leaving off gold paint from places where it does not belong, and by discarding tassels and fringes, and much other out-of-place ornament. And there is a worse chapter in this story than the chapter on bad taste. It is the chapter on death. Sleeping cars in which consumptives travel, are at some places required by law to be disinfected, but they are not so required at all places to which these unfortunates go, though the Pullman company disinfects the cars on any suspicion that invalids have used them. And it is a proper question whether a consumptive ought to be allowed to travel in a sleeping car with persons.—Brooklyn Eagle.

Shredded Whole Wheat Biscuit is made in the most hygienic and scientific food laboratory in the world. The wheat is spun into light shreds, containing thousands of open pores and is not crushed flat and dense as in the case of other foods. These pores absorb the digestive juices and provide far greater surface for their action than is given by any other food.

## EVILS Of the Glorious Fourth of July Scheduled.

### Ten Reasons Why Certain Features of That Day Should Be Purged.

The Chicago Tribune of July 6, 1902, reported the casualties on the 4th of July as 31 killed, and 2,649 injured from the following causes:

|             |     |
|-------------|-----|
| Fireworks   | 841 |
| Gunpowder   | 546 |
| Firearms    | 413 |
| Ten Pistols | 422 |
| Cannon      | 368 |
| Runaways    | 29  |

Total 2,649  
As this tale of grief prevails every year to a greater or less extent, should we not for the sake of common humanity, protest vigorously against this abuse of the day? Will not agitation of this matter between neighbors and friends bring forth good results? A patriotic and glorious celebration may be made with picnics, and processions, music and oratory, balloons etc., and night display of fireworks under the supervision of competent men, but ought not the objectionable features be abolished?

Our laws do not permit storekeepers to sell firearms to minors. Why then allow them to furnish minors with fully as dangerous goods as blank cartridges, cannons, toy pistols, and so-called cannons, crackers, whistling bombs, etc., up-to-date show even more accidents from their use.

Reasons: Why a radical reform of our existing customs is necessary  
1. It causes an appalling loss of life and property.  
2. It causes immense annoyance and positive sufferings to millions of sick and nervous people.  
3. It worries a whole nation of anxious mothers to the verge of distraction from early dawn till midnight.  
4. It occasions a fearful loss to property.  
5. It wastes about \$3,000,000 of good money annually.  
6. It frightens horses and creates runaways.

7. It violates rights that are recognized by the police and courts of justice, on every day in the year except this one, because it disturbs the peace.  
8. Because storekeepers lack proper knowledge of the deadly nature of many articles which they handle, as they are sold but once a year.  
9. Because it is an undeniable fact that consumers are even more ignorant, hazardous goods being placed on the market under different names.  
10. It creates a false impression among our youth, of the true spirit of the Declaration of Independence, which is to maintain for all citizens of our country the right of the pursuit of happiness.

As it now is, is it not a spurious patriotism, and a burlesque on this spirit, for the minority to be satisfied, with noise and bluster for the discomfort of the majority?

Lovers of horse racing will enjoy a two weeks season of sport this fall as the Lima Driving club and the County Fair Board have arranged their dates so that the one event will follow directly after the other. The Driving club's meeting for 1903 will be on the 7th and 8th of September. The arrangement is an advantage of, as it will give them the benefit of two weeks racing without the expense of a second shipment or change of stables. The purses offered by the Driving club have been larger than any other track events in this county. There will be in excess of average wagers for special events, the work will be about \$400.

The grounds has been pushed forward as rapidly as possible and some delay has been caused by disagreeable weather. With a widened track, new stables and a large and comfortable steel grand stand, the events this year, offer an extra inducement, both to horsemen and spectators. Secretary Frank E. Baxter, expects to have more than the usual number of applications, and every event on the program is sure to be filled.

### SCOURING YOUR SCALP.

Will Remove the Loose Dandruff Scales, But It Won't Cure Dandruff.

If your hair is brittle and thinning you have dandruff. The mere scouring of the scalp of the loose scales, won't cure dandruff; because dandruff is nothing but scales of scalp being thrown up by a pestiferous little germ in burrowing its way to the root of the hair, where it saps the vitality, causing falling hair and, in time, baldness. Now you can't stop dandruff, nor falling hair, nor prevent baldness unless you destroy that germ, and the only preparation that can do it, is the new scientific discovery, Newbro's Herpicide. In fact no other hair preparation claims to kill the dandruff germ—all of them will clean the scalp; soap and water will do that, but only Newbro's Herpicide gets at the root of the trouble and kills the dandruff germ.

Never in the history of Lima has any special sale met with the success of the

## UNION'S FORCED BARGAIN SALE.

Daily the crowds become larger, the interest more lively. Forced by a backward season and the necessity of raising money, every article in the store is being sacrificed in this sale. Mr. Jeter has been highly gratified by the marvelous success which has so far attended this sale and promises equally great inducements during the next few weeks. These prices tell only part of the story. Seeing is believing.

## THE BEST NEWS SERVICE.

A night of yesterday morning  
the Times-Democrat published the as-  
sassination of the King and Queen of  
Serbia.

The tragic deed occurred at two  
o'clock of the same morning.  
The account given was complete as  
to detail and in its probable effect on  
the future of Europe.

No feature of the happening was  
omitted and readers of the Times-  
Democrat were given as full and cor-  
rect a story of the sensational end of  
two royal personages, who have been  
for some time notable in the public  
eye as was published by any news  
paper in the United States.

This was only made possible by its  
full membership in the Associated  
Press, the best and most reliable news  
gathering association in the world.  
Its resources and news contacts  
reach to the uttermost corners of the  
earth and any event of importance  
happening within the sphere of the  
evening paper and that is the largest  
field for news, will be found in the  
Times-Democrat.

The monitor Arkansas, got off that  
sand bar just in time to keep from  
drowning.

There seems a strong disposition on  
the part of many republicans, to out-  
Gibbert Gibbert.

"Wine women and song," in the  
death of King Alexander tell again of  
their destroying power.

The way Sheets was treated, by the  
tribunal state convention, was  
enough to make him get three sheets  
in the wind.

Mayor Robb will confer a favor on  
the public, if he will issue a Fourth  
of July proclamation, which will ex-  
clude the shooting of cannon fire-  
crackers.

If Ella Cheney in these days, ever  
lets headed toward the Columbus  
work house by way of Marion, she  
will get there, smallpox or no  
smallpox.

Sensational things such as killings,  
will keep on happening in Europe un-  
till the map of that portion of the  
world will change. And when it does,  
Russia will have a hand in drawing  
the outlines.

The unsearching of postoffice frauds  
should deal a death blow to the sys-  
tem that keeps individuals indefinitely  
in office, and thereby put an end to  
the civil service humbug.

'Twas well for Teddy, that he  
wasn't in Belgrade, when the news  
reached him, of the murder of Alexan-  
der and his spouse, else, for his brief  
comment: "That is bad," he might  
have gone some place, maybe to Glory-  
land, by this time.

The ending of Alexander and Draga,  
may be for the best—doubtless many  
divines will so proclaim from their pul-  
pits, but if the people of that bloody  
dynasty ever survive, and prosper, un-  
der a cabinet, carrying the names that  
the nation does they are welcome to  
the best the world affords.

The sensational charge sent out  
from Marion that Judge Norris had  
used insulting language in the pres-  
ence of an actor's wife, had been  
knocked down by the actor, and in  
turn had shot at the Thespian, have  
been denied by the Judge and the  
friends who were with him at the  
time the trouble is said to have oc-  
curred. The truth in the case seems  
to be that Judge Norris is the latest  
victim of a novel theatrical advertising  
scheme.

## BRIEF HISTORY OF SERBIA.

The murder of the King and Queen  
of Serbia, caused many questions to  
be asked yesterday, concerning its lo-  
cation and domination. There being  
a brief bull in the fire of queries, we  
give the following brief resume of that  
country.

"In the earlier times, of which there  
is recorded, it was inhabited by Thra-  
cian or Illyrian races. Shortly before  
Christ, it was subjugated by the Ro-  
mans and under the name of Maesia  
Superior formed part of the province  
of Illyricum. About 636, the Serbs  
from east Galicia spread themselves  
over the land, in great numbers. In  
the ninth century they were con-  
verted to Christianity. In 1459, Serbia  
was subjugated by Sultan Mahmud.  
After many varied unsuccessful  
and bloody struggles for freedom  
with the help of Russia in 1877, it  
finally threw off the yoke of Turkish  
rule. The recognition of Serbia's in-  
dependence and important increase  
in its territory was agreed to, by the  
treaty of Berlin, in 1877, since which  
time it has been an independent dy-  
nasty. It is bounded on the north by  
Austria, on the east by Roumania and  
Bulgaria, on the south by Turkey, and  
on the west by Bosnia.

ALL DANGER  
NOT YET OVER.

Landesdown, Suburb of East St. Louis  
Is Now Partly Under Water.

Kansas City Reports to the Commissioners of  
Pensions That 20,000 People Are  
Homeless There.

St. Louis, Mo., June 12.—At 7 a. m.  
when the official observation was  
made, the river stood at 37.6 feet,  
an inch under the mark at midnight.  
The rivers above are falling rapidly,  
and there are no indications other-  
wise, so that relief for the territory  
in this vicinity and north, for hun-  
dreds of miles, that is covered with a  
great body of water, seems near.

Landesdown, the northeastern sub-  
urb, of East St. Louis, is flooded by  
water from the trestle on the Batti-  
more and Ohio embankment, at Hunt-  
ers Switch. At 8 o'clock this morn-  
ing the water was from 6 to 20 inches  
deep all over the suburb and rising  
rapidly. A swift torrent was running  
under the trestle at Lake station meet-  
ing the backwater from the south,  
spreading over Winstanly suburb.

At midnight, the East St. Louis and  
Suburban company, abandoned its car  
sheds at Rock Island, and the terminal  
belt. The 75 cars there were taken to  
sheds at the Bluffs. At 1 o'clock this  
morning, 200 men and a supply of  
sacks were hurried out to the belt

tracks, at Landesdown. If the water

Louis, will be made at this point.

## Kansas City Situation.

Kansas City, Kas., June 12.—Mayor  
Gilbert, has sent the following tele-  
gram to E. F. Ware, commissioner of  
pensions, at Washington:

"The relief committee invites you to  
come to Kansas City, Kan., and see if  
you were correct in the statement that  
Kansas needs no aid. Four thousand  
families—20,000 people—homeless  
here. Is it right for us who are not  
in need to let our pride prevent char-  
ity coming to those who are really suf-  
fering, when we cannot furnish it?"

rise continues slowly below, but the  
crest will probably be reached at

## CITY'S Claim Not Considered Just And the Court

Is Appealed to for Relief in the Matter.

Elm Street Property Holders Decline to Pay the Rate of Assessment

Charged Against Them for the Grading in Front of Their Property—Other Affairs of a Legal Nature.

A case in which the city is interested as defendant, is being heard in chambers by Judge Cunningham today, and the question at issue is one of equitable relief demanded by David C. Ford, who objects to the assessment against his property on west Elm street when that avenue was graded. Prophet and Eastman represent the plaintiff and Solicitor Bentley is looking after the interests of the city. Several other similar actions are on file and await the court's decision in the case now on trial.

**Another Bubble.**  
Ridenour & Halfhill representing J. C. Ebling et al, have begun suit against James C. Foote and the Chicago, Van Wert oil company, to secure a judgment on promissory notes for a total of \$7,000. There are three notes for a third of the sum named, being payable on June 1, July 1 and August 1 of this year. The obligation grows out of the sale by the plaintiffs of a lease and oil rights on the David Brownman farm and the C. D. Stepan lease, in Marion township.

The petition declares that the defendant company is insolvent and asks for a receiver. M. P. Colt was named to fill the place and the Buckeye Pipe Line is enjoined from purchasing any oil offered for sale by the defendants.

**Plaintiff Got Judgment.**  
In the case of A. C. Hoyer vs. John Young, which was tried yesterday, a verdict was returned awarding the plaintiff \$17.10. The action was based on a promissory note for \$105, given as security for the purchase of a boiler. Edward Prophet represented the plaintiff and W. L. Rogers the defendant.

**Trying to Locate It.**  
Another chapter has been added to the lottery drawing in which Wm. S. Clark and Harry E. Goodrich hit upon a lucky number and then lost the money through an alleged conspiracy. The matter was taken into court and only recently a judgment was obtained against Zachariah Fyle and Charles King for \$4021.87.

Having obtained the judgment an execution was issued, but the sheriff returned the writ with a report that nothing was found on which to levy. Now comes attorney Kent Hughes, representing the plaintiffs, and in aid of the execution, asks the probate court to have certain persons appear and be examined as to what has become of certain property and money in possession of the defendants at the time the judgment was obtained. The hearing has been set for next Monday and Thomas Dillinger, Frank Baxter and S. A. Baxter & Sons have been summoned to appear. The allegation is also made that King has managed to get considerable property out of the jurisdiction of the courts of Allen county.

**Sufficient If True.**  
Jacob B. Moses vs. Edith A., is the caption of a divorce suit, filed yesterday afternoon, by Ridenour and Halfhill. They were married July 5, 1894, and there is a child, three years of age living. The plaintiff makes the allegation that his wife soon showed a disposition to be vicious and false to her vows, as she used disgusting language and later lived in adultery with one Albert Cunningham at Bluffton. Even after this last offense, she was taken back to the home and fire-side, but for the second time, she offended by going to Springfield and from there to Columbus, with other men.

**Divorce Granted.**  
The divorce suit of Sarah vs. Albert Allen, which has been pending for some time, was called up yesterday and the court found from the evidence that the plaintiff was entitled to a decree on the ground of cruelty.

## Denies That Goulds Seek to Control Pennsy.

## Wabash Has Enough to Do to Complete the Projects Al- ready Outlined.

Pittsburg, June 12.—Jos. Ramsey, Jr., president of the Wabash railroad company, who is closely associated with the financial interests of the Goulds, makes a general denial of the report from New York to the effect that the Goulds are seeking control of the Pennsylvania and other railroads east. "The statements," said he, "are entirely untrue, particularly so in the matter of the control of the Pennsylvania and Baltimore and Ohio. The reports affecting the control of the Reading railroad, and the Erie are likewise baseless. The Wabash is at present engaged in completing the gigantic projects outlined several years ago, and has little time for anything else."

### PRIZE BEAUTY FOR \$2.

A hint to St. Louis in the way of an attraction for the exposition, reaches us from Italy. A fortune and a beautiful wife for \$2. At Milan, a beauty lottery was inaugurated on the occasion of the exhibition to celebrate the opening of the Great Sempione tunnel. Eighty-three pretty girls, ranging in age from eighteen to twenty-six selected by a committee, form the human contingent prizes in this unique lottery scheme. The sum of 10,000,000 lire is valued at the lot (twenty cents) being required to pay all the prizes, one million tickets are offered to raise that amount. The girls are required to pay "entrance money" also. The winners are entitled to a choice of the lottery girls. The first prize carries 1,000,000 lire and the prize beauty. There are four second prizes of 500,000 lire each, eight third prizes of 250,000 lire, and twenty four prizes of 100,000 lire. The other prizes are of 50,000 lire, and carry with them, the remaining fifty girls.

Each ticket holder will receive, according to his holdings, photographs of the eighty-three Venuses, accompanied by biographies of each girl, so that he may make his selection at leisure. Should the winner decline to marry his prize, or the girl to espouse the winner, they may divide the money, and no harm done. Some figures recently compiled convey a vague idea of the real immensity of St. Louis's big show. The ground covered is 1130 acres, or nearly twice that of the largest of the three preceding fairs, at Philadelphia, Paris and Chicago. The total cost of the St. Louis exposition will be about \$20,000,000, or a quarter more than that of the Columbian exposition, and more than four times that of the Centennial or Paris exposition. The state's appropriations are in keeping with the gigantic scale of the international industrial enterprise.—Collier's Weekly.

# SUPREME COURT SUSTAINED LOWER.

**Purchasers of C. L. & M. Can Now Sell Bonds,  
and Extend the Road. Decisions All  
Against B. C. Faurot.**

The Ohio state supreme court at Columbus, has handed down a decision sustaining the decision of Judge Hubbard, and the circuit court in the sale of the C. L. & M. railroad. The case was argued Friday, of last week. Hon. J. W. Winn and H. B. Harris, represented the defendants in error, and J. C. Dawson, of Cincinnati, was present on behalf of B. C. Faurot, the plaintiff.

The decision means a good deal to Faurot. The purchasers can now proceed to sell bonds and improve or extend the road. It also means that all litigations are put to an end. Several important questions were involved. The contest between Faurot and Andrew Braun, involved a claim of \$55,000 for construction of the road; between Faurot and Woodlawn avenue Savings & Loan association, Cleveland for ownership of 125 bonds of the railroad company which had been pledged by Faurot for an individual loan; between Faurot and Thos. Doboney, Peter Weigerding and J. C. McCullough on account of mechanics liens, for labor and material; the contest between Faurot and Norton & Co., of New York, involving the loan of \$42,000 by the latter, which Faurot undertook to defer payment on, on the grounds that Norton & Co., had charged him usury for the loan. All these questions were decided against Mr. Faurot, by the common pleas court and the circuit court.

## THE IDLER.

The National Association of Dancing Masters now in session at Asbury Park, N. J., has decided to abandon the two-step. The association is considering the advisability of issuing a circular calling attention to the demoralizing influence of this dance, and calling for its curtailment in the social world.

Delphos will have a big day next Wednesday, when the 39th annual convention of the Northwestern Ohio Volunteer Firemen's Association will be held. There are eighty-one towns in the association, and the biggest parade of uniformed marchers and bands in the history of the city is promised. Cash prizes are to be given for the largest uniformed company and band; for the best drilled company, and the one keeping the best step in the big parade.

## REMARKABLE

**Game Played by the Giants  
and Reds Yesterday.**

**Not a Run Scored Until the First  
Half of the Eleventh Inning—  
Other League Games.**

The Reds and Giants played a sensational game at Cincinnati yesterday ten innings being played before a run was scored. The New York team sent the Red outfield ballooning in the first half of the eleventh and scored two runs. Long Bob Ewing pitched for the Reds and McGinty occupied the slab for the Giants. Magoon, Kelly and Morrissey, of the Reds, made a triple play from a fly to center during the game.

**Here Comes Another.**  
The clerks of the city have the baseball fever and are now getting up a team which is open to a challenge from any other organized club in the city. It is a pretty good force to select from, but there is certainly enough nerve left in the various trades and professions to pick up the gauntlet.

to Which Rev. A. E. Kirby

The "Juniors" of St. Rose high school tendered the seniors a neat reception in St. Rose school hall last night. The time was spent in card contests, dancing and vocal and instrumental music. A dainty lunch was served and the frappe bowl, which occupied a place under an arch of class colors, was well patronized. The hall was decorated in the class colors, lavender and white, and the souvenirs to the seniors were pink and white roses. Rev. E. A. Kirby, who was present, sang some beautiful selections which were much enjoyed by all.

William Hawkins, a well known colored man, was the prize prisoner in mayor's court this morning. He was arrested on a charge of assault and battery, the affidavit having been signed by Ira Watson, while Mary Hawkins, the prisoner's wife, was the alleged victim of the assault. "Bill" pleaded guilty and was sentenced to serve a term of thirty days imprisonment in the Toledo work house.

## Changed Her Plea.

Ella Cheney, the alleged proprietress of the Pennsylvania house, a resort opposite the P. Ft. W. & C. passenger station, who was arraigned yesterday on the charge of conducting a disorderly house, changed her plea to "guilty" last evening. It was her first appearance before Mayor Robb and he let her down easy—with a fine of \$50 and the costs of prosecution. She paid the assessment, and was glad to escape a work house sentence. She was warned that another appearance in mayor's court would result in a trip to the Columbus works.

## Offer a Reward.

Two brothers of Miss Ebbie Metzgar, the Harrod school teacher, who is thought to have run away with her half sister's husband, Earl Ditzler, of Westminster, last Saturday, have offered a reward of \$50 for the apprehension of the missing young woman. Chief of police Mills states that the reward is not offered in a spirit of revenge entertained against Ditzler, whom the relatives will not even prosecute if found, but that the brothers simply hope to reclaim their sister, whom they fear has been led astray. There is, as yet no clue to the whereabouts of either Ditzler or the young woman.

## May Be Wanted.

Last night two strangers, who gave their names as Dick Williams and L. Parsons, were arrested on suspicion by officer Billstein. They answered the descriptions of two men who are wanted at Sidney for burglary and Marshal O'Leary, of that place was notified of the arrests.
